THE COMPLAINT

The complainant in his complaint dated 02.09.2025 has stated that his daughter Preetma was murdered by her in-laws, but they falsely attempted to portray her death as a heart attack. When he approached the police to lodge a complaint, they conducted a post-mortem examination and assured him that upon receipt of the post-mortem report, a criminal case for murder would be registered against the culprits. However, to date, the police have refused to register a case of murder and are persistently committing injustice by treating the incident as a suicide. He therefore requested that Police be directed to register an FIR for murder and take action against them.
