COMPLAINT

Mr. Waqar Ahmed filed an online complaint on 24.07.2023 wherein he stated that the single-room building of Government Boys Primary School Madarsah Mohalla, Malik Chowdagi, Taluka Thari Mirwah where approximately 200 students are enrolled was damaged due to the heavy rains in 2022. He further informed that the school lacks washrooms, a boundary wall, and drinking water facilities. He therefore sought intervention of this Institution.

PROCEEDINGS

02. The complaint was admitted under section 10 of the Establishment of the office of Ombudsman for the Province of Sindh Act, 1991 (amended up to date), by condoning the delay in filing it, subject to submission of original signed complaint, an Affidavit on Form "A" and a copy of the CNIC.

03. The matter was taken up with the District Education Officer (Primary) and the Executive Engineer, Education Works Division, Khairpur on 21.08.2023 for comments. In response, the Taluka Education Officer (Primary), Male, Mirwah submitted a report on 28.08.2023 stating that he visited the school on 24.08.2023 and found 118 students enrolled and two teachers posted. He reported that while the building's condition was satisfactory, the school lacked a boundary wall and washrooms. He further observed that, given the high enrollment, the existing single-room structure was insufficient and additional classroom space as well as boundary wall and washrooms were required.

04. The Agency's report was shared with the complainant on 30.08.2023 for rejoinder. The complainant submitted his rejoinder on 20.11.2023 stating that the Education Department had provided some facilities to the school and that he did not wish to pursue further action at that time.

05. In view of the nature of the matter, the Investigating Officer visited the school on 11.12.2023. He found 196 students enrolled (122 boys and 74 girls), including 90 Pre-Nursery students. When asked why he earlier requested closure of the matter, the complainant informed the Investigating Officer that he is PST at the school and that higher authorities had assured for providing an additional classroom and boundary wall. He stated that a feasibility report had been prepared by the Taluka Education Officer, Thari Mirwah and submitted to higher authorities.

06. On 15.12.2023, the complainant again appeared before the Investigating Officer and submitted an application requesting reopening of the investigation. He stated that the feasibility report prepared earlier for construction of one classroom was insufficient and requested preparation of a new feasibility report proposing two classrooms, a boundary wall, and washrooms.

07. Accordingly, the District Education Officer (Primary), Khairpur was approached on 15.01.2024 to revisit the feasibility in light of the on-ground situation.

08. On 08.12.2025, the Executive Engineer, Education Works Division, Khairpur reported that the rehabilitation of school had been included in the list of schools damaged during the heavy rains of 2022, and that the survey report had been submitted to the Director General (M&E), School Education & Literacy Department, Karachi for further action.
