

DECISION

Complaint No. : POS/64/2025/KHS

Name and address of the complainant : Mr. Malik Mushtaq Ahmed Awan, R/o H.No. 290, Street No. 06, Sector H, Area Awami Colony, District South, Karachi.

Name of the Agency Complained against : Karachi Water & Sewerage Corporation (KW&SC)

Name & Designation of Investigating Officer : Syed Maqsood Haider, Director, Regional Office (South) Karachi.

Vetted by : Rehana G. Ali Memon Advisor-H.

Subject :

COMPLAINT REGARDING FAULTY SEWERAGE AND OVERFLOW ISSUE IN STREET NO. 6, SECTOR-H, AWAMI COLONY, KARACHI. REQUEST FOR INTERVENTION.

THE COMPLAINT:

Mr. Mushtaq Ahmed Awan filed a complaint on 12-05-2025, alleging that the sewerage system of Street No.6, Sector-H, Mustafa Road, Manzoor Colony (Awami Chowk), Karachi is defective and poorly maintained. He stated that despite repeated approaches to KW&SC, only manhole covers were installed, while the sewerage system remained unrepaired. He further contended that the sewerage line attached to the adjacent nala, which required replacement, was not attended to, resulting in frequent sewage overflow and accumulation in the street, causing unhygienic condition and health hazards. He solicited intervention of the Provincial Ombudsman Sindh in the matter.

PROCEEDINGS:

2. After admission of complaint by condoning delay under Section 10 of the Establishment of the Office of Ombudsman for the Province of Sindh Act, 1991 (amended up to date), as well as receiving mandatory Affidavit on Form "A" and other relevant documents, report was called from the Agency. In response, the Executive Engineer (Sewage), Chanesar Town, KW&SC vide letter dated 11-08-2025, stated that a site inspection was conducted, which revealed no sewage overflow and confirmed that the sewerage system is operating normally. Relevant site observations were submitted for record and verification.

3. The complainant was informed of the above position who in his rejoinder said that still the work is incomplete and the sewage is flowing on the streets. The KW&SC was supposed to send the truck mounted suction machine to clear the sewerage lines but so far no action has been taken by KW&SC. Therefore, hearing was held on 08.10.2025 which was attended by XEN who asked for sometime to resolve the problem completely. Thereafter the required machinery cleared the sewerage lines in presence of complainant. The existing undersized 6 inches dia defective pipe was replaced by 12 inches dia and lowered down from 2ft to 3 ft at maximum depth and now the system is functioning smoothly with no overflow issues.

Cont'd on P/2...

4. In his rejoinder dated 15-12-2025, the complainant confirmed that his grievance has been satisfactorily resolved and expressed his gratitude to the Ombudsman Sindh and his staff for their prompt intervention.

FINDINGS:

5. In view of the facts and the complainant's confirmation, the grievance has been duly redressed, and any further investigation is unwarranted.

DECISION:

6. In view of the above and in exercise of powers vested in me under Section-11 of Establishment of the Office of Ombudsman for the Province of Sindh Act, 1991 (amended up to date), I hereby dispose of the complaint as redressed.

Given under my hand and seal of the office.
