

DECISION

Complaint No.: POS/472/KE/2025

Name and Address of the Complainant: Mr. Muhammad Ali, R/o House No. 23, BYJHS, Block 7/8, Off Ameer Khusro Road, Karachi.

Name of the Agency Complained against: Karachi Water & Sewerage Corporation (KW&SC)

Name & Designation of Investigation Officer: Syed Farrukh Habib
Director, Regional Office, Karachi (East)

Subject: - **NO SUPPLY OF PIPED WATER TO HOUSE NO. 23, BYJHS BLOCK 7/8, OFF AMEER KHUSRO ROAD, KARACHI.**

THE COMPLAINT

Mr. Muhammad Ali in his complaint dated 17.06.2025 stated that the resident of the area particularly his house and a few neighboring houses were facing serious issues of short water supply. For the past one and a half month, they have been facing a constant disruption in water supply. He stated that despite being regular in paying water bills and having no outstanding dues, they were not receiving even a single drop of water through the municipal supply line. The issue he stated was causing extreme hardship to the residents, as they are being forced to rely on buying expensive water tankers, which was not sustainable solution for anyone, particularly for those on a fixed or limited income. He further stated that the problem seems to be affecting only a few houses in their lane, while others in the same vicinity were receiving water without any disruption. He, therefore, solicited intervention of this office in the matter.

PROCEEDINGS

2. After admission of complaint by condoning delay under Section 10 of the Establishment of the Office of Ombudsman for the Province of Sindh Act, 1991, (amended up to date), as well as after receiving mandatory Affidavit on Form "A" and other relevant documents, report was called from the Agency. In response the Executive Engineer, KW&SC, Jinnah Town vide letter dated 21.07.2025, informed that the complainant Mr. Muhammad Ali resident of House No.23, BYJHS, Block-7/8, Off Ameer Khusro Road, Karachi was earlier not getting normal water during supply hours due to very low pressure from WTM (Water Trunk Main) KW&SC. However the pressure has improved and the complainant is now getting normal water supply during the Schedule supply hours and the complainant is satisfied with this arrangement.

3. Copy of the Agency's report was forwarded to the complainant for rejoinder, who in response vide letter dated 26.09.2025, stated that KW&SC's report is inaccurate and their claim that water supply had improved and complainant was satisfied is entirely false. He stated that he continues to face a severe and persistent issue of inadequate and inconsistent water supply. The KW&SC report misrepresents the current situation and appears to be an attempt to close the case without resolving the underlying problem.

Contd.....

FINDINGS

4. I have examined the case file and perused correspondence, reports and rejoinders etc., and observed that:

- i. The complainant and residents of Block 7/8, BYJHS, Off Ameer Khusro Road, have been suffering on account of shortage of water supply since last couple of months, forcing them to rely on purchasing water tankers.
- ii. KW&SC officials responsible for ensuring smooth water supply to the area have failed to resolve the issue completely. It is prime responsibility of KW&SC to ensure an equitable water supply to its consumers from the available resources through better and effective water distribution system.

DECISION

5. In view of above and in exercise of powers conferred upon me vide section 11 of the Establishment of the Office of Ombudsman for the Province of Sindh Act, 1991 (as amended up to date). I direct the Chief Engineer (Water Distribution), Karachi Water & Sewerage Corporation to attend the complaint by ensuring an adequate supply of water to the complainant's area/society and report compliance in 30 days.

Given under my hand and seal of the office
