

## **DECISION**

Complaint No. : POS/2269/KE-277/25

Name and Address of the Complainant : Mr. Irfan Ali Khan, R/o. House No. E-62, E-Market Residential, PECHS, Block-6, Nursery, Karachi.

Name of the Agency Complained against : Karachi Water and Sewerage Corporation

Name & Designation of Investigation Officer : Syed Farrukh Habib  
Director, Regional Office, Karachi (East).

Subject :-

**ALLEGED INACTION ON COMPLAINTS FOR OVERFLOWING OF SEWERAGE AND BLOCKAGE OF SEWERAGE LINE, WHICH ALSO RUINED THE ROAD AND IS CAUSING PROBLEMS TO RESIDENTS.**

### **THE COMPLAINT**

Mr. Irfan Ali Khan and others, in their complaint dated 08.04.2025, stated that they are residents of 'E' Market Residential Area, PECHS Block-6, Nursery, Karachi. They stated that due to the blockage of the sewerage line in their area, sewage water continuously overflows on the road, not only damaging the road surface but also creating difficulties in both pedestrian and vehicular movement. The situation, they stated has also led to sanitation and hygiene problems. They further mentioned that despite approaching the concerned authorities several times, no action has been taken. Having failed to receive any response they have sought the intervention of this office for the resolution of their grievance.

### **PROCEEDINGS**

2. After admitting the complaint under Section 10 of the Establishment of the Office of Ombudsman for the Province of Sindh Act, 1991, (amended up to date), after receiving mandatory Affidavit on Form "A" and other relevant documents, report was called from the Agency. In response the Executive Engineer (Sewerage), Chanesar Town, KW&SC furnished report dated 07.07.2025, that after taking necessary measures, of desilting of main holes, the blocked sewerage line was cleared with winching machine, whereafter sewerage overflow has stopped, and the sewerage system was ~~now~~ functioning properly with no overflow observed.

3. The complainant, in his rejoinder dated 06.10.2025, confirmed that upon receiving the notice from the Ombudsman's Office, KW&SC had cleaned the 42-inch sewerage line, and as a result, the issue of overflowing sewage in the area has been resolved. However, he observed that the said 42-inch line require continuous cleaning to prevent future blockages, especially during the rainy season. He also requested that the KW&SC be directed to ensure periodic cleaning of the said line on regular basis.

Contd....

**FINDING**

4. I have examined the case file and perused the correspondence, reports, and rejoinders, etc., and observed that;

- i. The complaint pertained to overflowing sewage in 'E' Market Residential Area, PECHS Block-6, Nursery, Karachi, due to the blockage of a 42-inch sewerage line. Upon notice from this office, the KW&SC took necessary measures and cleared the choked line, which resolved the issue. The complainant also confirmed that the problem no longer exists but requested regular cleaning of the said line to avoid future blockages.
- ii. It is therefore observed that the grievance has been redressed after the intervention of this office; however, periodic maintenance by the Agency is essential to prevent recurrence of the issue.

**CONCLUSION**

5. In view of the above, the complaint stands disposed of as redressed. However, the Executive Engineer (Sewerage) Chanesar Town, KW&SC is hereby directed to ensure regular and periodic cleaning of the 42-inch sewerage line of the said area to prevent recurrence of the problem, and to maintain proper supervision over its functioning.
