Name and address of the complainant : Mr. Muhammad Ashraf & Riaz Khan,
Chairman & Vice Chairman, U.C-9, Ittehad Colony, Korangi Town, Karachi

Name of the Agency Complained against : i. Karachi Water & Sewerage Corporation (KW&SC)
ii. TMC, Korangi

Name & Designation of Investigating Officer : Mr. Muhammad Shoaib Ahmed Siddiqui,
Advisor-in-Charge, R.O Korangi

Vetted by : Mr. Ghulam Abid Shaikh,
Advisor-K

Subject : **ALLEGED NON-RESPONSE TO THE APPLICATIONS MADE FOR DEPLOYMENT OF KUNDIMEN IN THE AREA OF THE COMPLAINANTS, BESIDES NON-PROVISION OF DETAILS ABOUT INSTALLATION OF STREET LIGHTS INSTALLED IN THE AREA.**

COMPLAINT

M/s. Muhammad Ashraf and Riaz Khan, Chairman and Vice Chairman of UC-9, Ittehad Colony, Korangi, filed a complaint on 26.05.2025 alleging non-deployment of Kundimen, sanitation staff, and other workers allocated to their Union Committee as per the prescribed strength, despite repeated representations. They further alleged that despite their requests to the concerned department of TMC Korangi for provision of records regarding the installation of street lights in their area, no response was received.

PROCEEDINGS

2. The Executive Engineer (Sewerage), Korangi Town, KW&SC, vide letter dated 29.08.2025, reported that three Kundimen, M/s. Jawaid Sadiq, Sikander Masih, and Pervaiz Masih, have already been deployed and are working in the area of UC-9, Ittehad Colony. He further stated that these staff members are available at the KW&SC office located at Korangi No.4 and requested that the complainants be advised to contact them directly, either telephonically or in person, for resolution of any operational grievances.
3. The Executive Engineer (M&E), TMC Korangi, vide letter dated 15.08.2025, reported that the TMC has installed 79 new LED street lights and 216 moon lights within its jurisdiction, and also carried out repair work on approximately 90 existing LED lights along the route from Fisherman Roundabout towards Korangi No.2½. He further stated that the repair, maintenance, and installation of street lights is an ongoing activity within TMC Korangi. The officer added that UC-9 receives its own monthly development funds, and in case of any remaining dark spots, the UC administration may utilize its own budget to install additional lights. He also advised the complainants to approach the TMC directly to identify specific locations where further installation is required.

FINDINGS

4. The reports received from both KW&SC and TMC Korangi indicate that the issues raised by the complainants are being addressed within their respective jurisdictions. KW&SC has confirmed the deployment of three Kundimen in UC-9, and no evidence has been produced to suggest their absence or dereliction of duty.
5. With regard to the street lights, the report of the Executive Engineer (M&E) shows that significant installation and repair work has already been undertaken, covering a large portion of the area. The department has also clarified that additional installation can be carried out upon identification of specific dark locations and that the UC has access to independent development funds which may be utilized for this purpose.
6. The record, therefore, does not support the contention of “non-response” on part of the departments. Rather, it appears that the matter primarily involves lack of coordination between the UC administration and the executing departments regarding communication of specific needs and locations

DECISION

7. In view of the foregoing, I in exercise of powers vested in me under Section 11 of the Establishment of the Office of Ombudsman for the Province of Sindh Act, 1991, do hereby direct that :
 - a) The Executive Engineer (Sewerage), KW&SC, Korangi Town, shall ensure that the posted Kundimen remain available in the field and perform their duties efficiently in coordination with the UC-9 office.
 - b) The Executive Engineer (M&E), TMC Korangi, shall facilitate the UC-9 administration by providing details of existing street light installations and assist in identifying remaining unlit areas.
 - c) The Chairman, UC-9, may utilize the UC’s development funds for installation of additional street lights where required, in coordination with the TMC.
8. Compliance report on the above directions shall be submitted to this office within **30 days**.

Given under my hand and seal of office.
