

DECISION

Complaint No. : POS/4644/2023/KR

Name and address of the complainant : Mr. Nazeer Ahmed,
R/o. House No. R-265, Near Usmani Masjid,
Korangi, Karachi

Name of the Agency Complained against : Karachi Water & Sewerage Corporation (KW&SC)

Name & Designation of Investigating Officer : Mr. Muhammad Shoaib Ahmed Siddiqui,
Advisor-in-Charge, R.O Korangi

Vetted by : Mr. Ghulam Abid Shaikh,
Advisor-K

Subject :

**INACTION ON THE COMPLAINTS REGARDING
ACUTE SHORTAGE OF PIPED WATER IN AREA
OF THE COMPLAINANT FOR LAST MANY YEARS.**

COMPLAINT

Mr. Nazeer Ahmed filed a complaint on 20.06.2023 alleging that he and other residents of his locality have been facing acute shortage of piped water for the last several years. Despite repeated complaints to the concerned officials of KW&SC, the issue has not been resolved, causing serious hardship. He, therefore, sought intervention of this Institution.

PROCEEDINGS

2. The matter was referred to KW&SC for report and multiple hearings were held by the Investigation Officer which were attended by the complainant as well as representatives of the agency.
3. The Executive Engineer (W/D), Korangi Town, KW&SC, vide report dated: 27.11.2023 informed that the complainant's area is situated at the tail-end; supply was checked; and an estimate for improving the system had been prepared and forwarded to the competent authority for approval, assuring that upon approval the complainant's problem would be resolved.
4. Subsequently, vide letter dated 30.09.2025, the agency reported that "the file of the above said work not been returned as yet. It was further stated that the file is expected to be received by next week and that the work would be carried out thereafter accordingly.

FINDINGS

5. The record reveals that despite lapse of substantial time and repeated opportunities afforded to the agency, the grievance of the complainant remains unresolved. While the agency has reported preparation and approval of the estimate, actual execution of the work has not materialized. Administrative movement of files and procedural formalities cannot substitute for effective service delivery. Provision of adequate piped water supply is an essential public utility function, and prolonged delay in implementation of approved work amounts to maladministration within the meaning of the Act.

DECISION

6. In view of the above, I in exercise of powers conferred under Section 11 of the Establishment of the Office of Ombudsman for the Province of Sindh Act, 1991 (as amended), do hereby direct :

- (i) the Managing Director / Chief Engineer (Water), KW&SC, shall ensure that the approved work relating to restoration / improvement of piped water supply in the complainant's area is executed forthwith and completed within **45 days** from receipt of this order;
- (ii) The concerned Executive Engineer shall personally supervise the execution of the work and ensure timely completion;
- (iii) A compliance report, along with documentary and photographic evidence of completion, shall be submitted to this office within the stipulated period.

7. The complaint is disposed of with the above directions.

Given under my hand and seal of office.
